O NAMA

Kompanija Alu Centar d.o.o je distributer aluminijskih sistema za ograde. Zahvaljujući iskustvu, istraživanju tržišta, te potrebama kupaca kreirali smo vlastite, originalne i inovativne elemente kada je u pitanju ova djelatnost.

Osnovni cilj firme je visok nivo kvaliteta, raznovrsna paleta proizvoda, te opšte zadovoljstvo mnogobrojnih korisnika, kako kvalitetom, tako i popularnim cijenama svojih proizvoda i usluga.

Aluminijski sistemi danas preuzimaju primat u odnosu na ostala rješenja. Pored raznovrsnih mogućnosti upotrebe i oblikovanja kao i održavanja, posebna vrijednost ovog materijala je u ekonomičnosti. Treba naglasiti da je aluminijum podoban za široku namjenu, ekološki je prihvatljiv, te nije štetan za okolinu.

Ekonomičnost, kvalitet, moderan dizajn, efikasnost, profesionalnost i brojne mogućnosti upotrebe su osnovni razlozi da se odlučite za korištenje aluminijskih sistema iz programa firme Alu Centar d.o.o. – partnera na kojeg se sigurno možete osloniti u svako vrijeme!

USLUGE PLASTIFIKACIJE

Prikazane boje na fotografiji RAL karte nisu autentične, te ih nije preporučljivo koristiti pri odabiru boje

Pored osnovne djelatnosti Alu Centar, u kooperaciji sa našim partnerom Deplast d.o.o. iz Tuzle, vršimo uslugu elektrostatske plastifikacije aluminijuma uz profesionalan pristup, pripremu i sam proces plastifikacije. Plastificiranje zadovoljava savremene ekološke standarde, te je za okolinu i zdravlje najprihvatljivija metoda oplemenjivanja aluminijuma. Osim navedenih svojstava, plastifikacija omogućava i veliki izbor boja, različite površinske strukture. Uz pravilno rukovanje, stručnu montažu i propisane uslove korištenja naših plastificiranih proizvoda, garancija na posojanost boje je u trajanju od 5 godina.
